ABOUT DEHRADUN CITY

Dehradun is the capital of Uttarakhand, a hilly north Indian state. Situated at the foothills of the Himalayas, Dehradun is a beautiful city which is a fine blend of a busy city and a picturesque hill station. Famously known as gateway to well-known hilly areas of Mussoorie and Garhwal, Dehradun is one of the oldest Indian cities. It is also recognized as the hub of education of North India. This city has been ruled by Mughal, Sikh as well as Gorkha rulers in the past. Later on, several educational institutions of repute were established in this city. Tapkeshwar Temple, Buddha Temple, Shiv Mandir on Mussoorie Road, Gun Hill, Nag Devta Temple, Bhadrak Temple & Surkhanda Devi are some of the well-known places to visit.

ABOUT DIT UNIVERSITY

Dehradun Institute of Technology (DIT) University, a flagship organization of the Unison Group, is a leading University in Uttarakhand. We offer undergraduate, postgraduate and PhD programs in several streams of engineering, technology, management, architecture, pharmacy and applied sciences. Mussoorie, the queen of hills is just 20km from DIT University

DEPARTMENT OF CHEMISTRY

DIT infuses a 18-years center of excellence with a distinctly non-traditional approach to the undergraduate education. In harmony with the overall objectives of the institute, the primary objective of the Chemistry Department is to develop the desire, ability and ambition of students to apply the theoretical and technical knowledge for sustainable and analytical solutions to the problems of scientific and social interests. Department is also fulfilling the responsibility of developing outstanding intellectuals by imparting guidance and mentoring them.

OBJECTIVE OF CONFERENCE

NCAERG 2017 would provide a platform to the experts from all over the country to showcase their innovative ideas towards the advances in the field of "Alternate Energy Resources, Environment Protection and Global Economic Growth". This conference thrives to provide a good platform for young scientists, engineers and research scholars to exchange their thoughts and expand knowledge on energy harvesting. Organizers of conference invite the fertile minds from academic, government and industrial sector.

TOPICS OF INTEREST

- Renewable Energy Resources
- Energy from Bio-fuels and Waste materials.
- Green chemistry and Eco-technology.
- Nanotechnology and its application in Energy and Environment
- Climate change and its impacts.
- Sustainable practices in Agriculture and Industry.
- Renewable conversion technologies.
- Natural Resource Conservation and Management
- The Himalayan Ecology.
- Economic implications of Environmental degradation.
