

DIT UNIVERSITY EXPERT TALK SERIES (PHASE - I)

Silver Jubilee Celebration

13 -15th February, 2023

ABOUT DIT

With a rich heritage spanning over 25 years, DIT University (DITU) has proved its academic excellence with time. Over the years, DITU has carved out a niche of its own place in the realm of higher education in the Northern part of India in the fields of Technology, Engineering, Architecture, Pharmacy and Management studies for the last two decades. Over the years it has pushed the limits of knowledge & innovation with emphasis on quality through up to date curriculum and lecture delivery methods supported by Strong Laboratory components. At present, DITU Alumni are brand ambassadors of the Institute and are respected in all service sectors. Dehradun is well known for its best educational Institutions of national and International importance. DITU provides a great opportunity to make its presence felt with cutting edge technologies with global perspectives. The emphasis here is to create a research environment that leads to PhD degrees. Brilliant students and committed Faculty are two important components in this growth engine to fulfill the aspirations of the Nation. This year, DITU is celebrating its silver jubilee through a series of expert talks which are spread over the latest advancements of Science, Technology and Developments in our society.
