

# THE CAMPUS SCOOP

AN INSIGHT OF MONTHLY HAPPENINGS

## EXHIBITION OF FACULTY OF ARCHITECTURE

The Faculty of Architecture and Design at DIT University helps the students to develop confidence to take creative risks and the knowledge to discern the lasting value of such ideas. We wish to develop skilled professionals who design environments that are ecologically sustainable and resilient; prosperous and fair; healthy and aesthetic. Faculty of Architecture and Design, DIT University organized an exhibition on 17 January 2019 showcasing the work of B.Arch and B.Des students. The event was graced by eminent architect Dr. Shashi Bhooshan who praised the work of students and interacted with them, sharing his experience and knowledge for becoming a successful architect.

## MOTORACING UNVEILING FORMULA STUDENT

DIT University's premium club - Motoracing, had its unveiling of the Formula Student Vehicle on 11th January 2019. It is the 5th and the only Formula Student Vehicle from Uttarakhand to compete at International Engineering Competition 2019 to be held in Coimbatore, Tamil Nadu from 22nd to 28th January 2019.

DIT Motoracing is a formula team based in DIT University, Dehradun, Uttarakhand. The team comprises of passionate members, all possessing enthralling automotive and management skills. The objective of the team is to design, manufacture, fabricate, test and race an open-wheel Formula Style race car over a span of one year. The team participates in FSI (FORMULA STUDENT INDIA), which is an international competition. The team is branched into two major departments, technical and management. The technical department works on the various components of the car namely design, suspension & steering, braking & tires, powertrain, drivetrain and electrical. The management department works on external affairs, sponsorship and documentation. High coordination between these two departments is the key behind the successful fabrication of the car.

## WORKSHOP ON MACHINE LEARNING AND DATA ANALYSIS WITH PYTHON.

DIT University held a workshop on Machine Learning and Data Analysis with Python by Electronics and ICT Academy, IIT Roorkee under FDP. The workshop was facilitated by Dr. Sanjeev Manhas, ECE Department, IIT Roorkee from 27th to 31st December, 2018.

• Python is one of the most famous programming languages which is used in data learning due to its dynamic nature. The event helped in understanding the upgradation in Artificial Intelligence (AI) and its future employment scope. The event enhanced the technical skills of the attenders.

### LOCAL HACK DAY

DIT University held a design sprint-like event HACKATHON on 1st December, 2018. The programmers were intensively attracted to this mind-boggling event where software projects are developed. With a time limit of 12 hours students had to work fast to create a functional product (software or hardware) by the end of the event. There was no restriction for programming language and the software created. Hackathons are significantly widespread and are increasingly viewed by companies and capitalists to quickly develop new software technologies.

### GHAZAL

रूबाब तक हूँ नामुकम्मल तेरी सूरत के बिना  
ज़िन्दगी कैसे बसर हो तेरी कुरबत के बिना

वो अगर क्रीमत लगाता कद्र घट जाती मेरी  
इसलिए उसने मुझे बेचा है क्रीमत के बिना

जैसे मैं मिलता हूँ तुमसे वैसे तुम मुझसे मिलो  
दिल में शिकवे के बिना, लब पर शिकायत के बिना

हृद से ज़ादा बेमुरव्वत ये ज़माना हो गया  
कोई मिलता ही नहीं है अब ज़रूरत के बिना

एक जुमला कहके उसने दिल के टुकड़े कर दिये  
आ गए तुम बज़्म में कैसे इजाज़त के बिना

ऐसे लोगों को न पागल हम कहें तो क्या कहें  
जो मुहाजिर कह रहे हैं हमको हिजरत के बिना

माँ तो खुश हो जाती है पर बाप को गुस्सा आ जाता है  
कॉलेज से गर छुट्टी लेकर घर पे बेटा आ जाता है

आते वक़्त तो रस्ते में मानो के सहारा आ जाता है  
जाते पे बस घर से निकलो और बस अड्डा आ जाता है

जिसने दरिया पार किया हो उससे पूछो दरिया क्या है  
तुम लोगो को लगता है के यूँ ही किनारा आ जाता है

जब मैं तन्हा होता हूँ तो मैसेज तक तुम करते नहीं  
घरवालों के बीच रहूँ तो फ़ोन तुम्हारा आ जाता है

जिस दिन तुमको दिल से भुलाने का मैं अहद किया  
करता हूँ  
ठीक उसी शब जाने फिर क्यों रूबाब तुम्हारा आ जाता है
