

DIT University Event Report

SDG 17

The advancement of the society in this age is only possible with mutual cooperation, collaboration, extending help to each section of the society and sharing of resources. The efficiency of achieving the SDGs become more while working in collaboration than an individual. This is true whether it is applicable for a person or an organization or a country. Wastage of resources must be zero and at the same time abundant resources must be generously shared with those not having access. This mutual cooperation is the fundamental principle of sustainability with involvement and participation of all. UN SDG17 aims to revitalize the global partnership for sustainable development. In line with UN SDG principle DIT University firmly believes in collaboration be it in research or resource sharing or implementation of its work culture not only inclusive but exclusive of University premises. The supportive and flexible work culture of DIT University essentially lies on the proposition of trust-integrity, employee engagement-opportunities, respect-fairness.

2.	Mentoring Students about future challenges in Society and tackling with appropriate career path	4-5
3.	Celebration of International Womens' Day and Discussion on SDG 5: Gender Equality	6

DIT University Event Report

Collaborative activities with NGOs and Government Schools

DIT University has a policy to collaborate with NGOs for the welfare of local community. University organizes various events with NGOs on social issues and justice. University also promotes its staffs and students to go beyond university campus and to reach out to the students especially in schools for career counseling and advising on various aspects of Environment and its Challenges to society and to tackle those with adopting educational medium and appropriate career paths. For this, university faculty members also reach out to various government and non-government educational institutions for career counseling and awareness programs on latest technology and development.

DIT University has well established policy to work with NGOs.

The details of activities are provided in this document.
