

# THE CAMPUS SCOOP

AN INSIGHT OF MONTHLY HAPPENINGS

## INDEPENDENCE DAY

India's gaining of independence was a tryst with destiny, as the struggle for freedom was a long and tiresome one, witnessing the sacrifices of many freedom fighters, who laid down their lives for the sake of this country. DIT University, on country's 73rd Independence Day, paid homage to the ones who fought for the country's freedom till their last breath, reminding its students about the dawn of a new beginning, the beginning of an era of deliverance. Religious flag hoisting ceremony also took place on 15th August.

## STRENGTHENING OF FIBER POLYMER HIERARCHICAL INTERFACE NANO MECHANICAL ANALYSIS AND COMPOSITES PROTOTYPING

D.I.T. University organized a guest lecture on Strengthening of Fiber Polymer Hierarchical interface: Nano-mechanical Analysis and Composites Prototyping. This session was held on 19th July 2019, Friday, in Visvesvaraya building (Civil block) from 2:30 onwards. The lecture was taken by Mr. Mohit Sharma who is a scientist in Polymer Composite Department for Lead Electric Vehicle Composites Technology at the Institute of Materials Research and Engineering in Singapore. He shared his knowledge on this trending topic and talked about the importance of fiber polymer in the near future. He shed light on its rise of demand and how, yet the common mass was unaware of the same. He put forth the intention to spread the awareness among the youth as they are the future of the nation and the ones that have to be handed the baton to carry it forward and take it to unimaginable heights. The lecture was attended by over 250 students, filled with enthusiasm and curiosity about this new but eminent topic. Students asked their queries after the session and even shared the interest to be a part of this in the coming future.

## FRESHERS'S PARTY

---

‘With each sunrise we’re given a chance for a new beginning

The commotion in the university campus on 15th of July, 2019 embarked the beginning of the freshers’ induction program. The freshers were introduced to DITU and were addressed by the honourable university dignitaries. The induction program began with various confidence building and skill enhancing sessions like proficiency module, creative arts, motivational talk and entrepreneurship development assembly. Alumni were invited, who recalled their fond memories of college and further enlightened the students with their wise words. Embodying all the parameters of a student’s interest, the induction program concluded

On 23rd of August, 2019, DITU organised a sumptuous freshers’ party- Avahan, to welcome the new batch. Honourable Dr. R. C. Goel, the man of electrical machines and former principal of DIT institute, presently the advisor to chairman DIT University graced the event with his presence

The throbbing ambience, flashing lights and feet tapping music infused the newcomers with thrilling sensations. With jovial smiles and zealous spirits, the welcome party was commenced by seeking the blessings of almighty and lighting the ceremonial lamp, following our underlying tradition to invoke goddess Saraswati. It was followed by our university’s patronal song- Kulgeet and Ganesh Vandana

Exceptional spins and twirls, melodious notes and startling beats showcased by the new talents elevated the excitement to a joyful high. Multiple appreciable recitals were given by both the old and new profiles. In the light of the performances and other aspects, Mr. and Miss Fresher of each division were made. The party scripted the beginning of the tough grind and merriment that awaits the newcomers as they enter this new phase of their lives

## PHP WORKSHOP

---

Department of Computer Application, DIT University organized a One-day workshop on Technical Hands on PHP on 10th August 2019 in association with CETPA Infotech, which is an organization that provides Industrial and Summer training to students. With real-time embedded systems, PHP is often called the programming language of the internet. The workshop helped students to understand and interact with PHP and have a hands-on experience of the same

Hypertext Preprocessor (PHP) is a programming language that allows web developers to create dynamic content that interacts with databases. It is by far the most popular scripting language used in websites. It helps the website interact with the user's actions, making it fun and memorable. PHP is used for developing web-based software applications. This workshop helped students to build base with PHP

## THE CURTAIN RAISER: INDIA @75 POLICY DIALOGUE- SKILL INIDA, INNOVATE INDIA, STARTUP INDIA, MAKE IN INDIA

DIT University organized India@75 Policy Dialogue- Skill India, Innovate India, StartUp India, Make in India on 17th August 2019 to discuss on various issues related to development of India. India@75- Mission 22 focused on themes like Education & Skills, Technology & Innovation, Agriculture & Food Security, Business & Economy, Urbanization & Environmental Sustainability, Arts, Literature & Sports etc. The program was held in two sessions. The first session was

dedicated to India@75 Policy Dialogue while the second session was on Skill .India, Innovate India, StartUp India and Make in India

The panel for the first session consisted Dr. Vinod Aggarwal, IAS (Retd.) (Secretary Department of Empowerment of Persons with Disabilities, Ministry Of Social Justice & Empowerment), Dr. Ajit Kumar, IAS (Retd.), Dr. Satya Narayan Mohanty, IAS (Retd.), Ambassador Gurjit Singh, IFS (Retd.), Dr. Sanjay Panda, IAS (Retd.). The panel for the second session consisted Dr. Omkar Rai (DG-STPI, Govt. of India), Shri Ram Mohan Mishra, IAS (Additional Secretary & Development Commissioner MSM), Dr. Ahmed Iqbal, IAS (Additional Secretary, Director-Uttarakhand Skill Mission), Sh. Amit Kumar Sinha (IPS, Director-ITDA, Govt. Of Uttarakhand) and Sh. Rajesh .(Aggarwal, IAS (Additional Secretatry, Ministry of Skill India

To conclude, the event generated adequate intellectual dialogue. The Panelists and participants dwelt in depth on the realisation of the past, performance of the nation, converged on the capability and ultimately identified .the capacity building measures

## ISNESE 2019

An International symposium on Role of Nanomaterials in Energy-Efficient Processes for Sustainable Environment (ISNESE 2019) was organised by DIT University (DITU) on 22nd-23rd August 2019. The International speaker was Dr. Achintya Bezbaruah from North Dakota State University who gave a wonderful speech on the role of nanomaterials in controlling genetic structure of plants species. The honourable chief guest in the inaugural session was Dr. Vinod B. Mathur, Director Wildlife Institute of India who stressed on the need of inter disciplinary research

of nanotechnology application on Environment and ecology. It was funded by Uttarakhand State Council for Science and Technology and Chakr Innovation. The symposium was presided by the Renowned Academician and Advisor General to Chairman DITU: Dr. R. C. Goel, Chancellor: Shri N. Ravi Shanker, Vice Chancellor: Dr. K. K. Raina, ProVice Chancellor: Brigadier (Dr) M Srinivasan (Retired) and Convenor ISNESE 2019: Professor Naveen Singhal who all conveyed the importance of Environmental Sustainability and natural conservation for future generation. The objective was to deliberate on the various themes related to Concept and Applicability of Nanomaterials, Environmental Dynamics, Energy conversion processes etc. The Symposium was attended by Scientists and Scholars from Forest Research Institute, Dehradun, Indian Institute of Petroleum, Dehradun, Amity University, Noida among many such reputed organizations. In the valedictory function, certificates of best oral and poster presentation were distributed to students by Vice Chancellor and Convenor, DITU. The symposium was ended by a group photo session
